Dear Parents/Carers

This message is being sent to parents and carers of all students at Trentham High School; it may not be relevant to you, though you may wish to pass the details on to somebody you know.

In the country as a whole, there have been significant increases in the number of young people experiencing problems with their mental health. In a response to this, the charity Young Minds has produced a free e-learning resource developed as part of the MindEd project to enable parents and families to intervene earlier in their children and young people's mental health issues.

The web address to find out more is

Yours sincerely,
